In time. Kidney disease may be prevented by purifying, renewing, and invigorating the blood with Ayer's Sarsaparilla. When, through debility, the action of the kidneys is perverted, these organs rob the blood of its needed constituent, albumen, which is passed off in the urine, while worn out matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilla, the kidneys are restored to proper action, and Albumen, or

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidneys, and other disorders of these organs. Mrs. J. W. Weld, Forest Hill st., Jamaica Plain, Mass., writes: "I have had a complication of diseases, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new person; as well and strong as ever." W. M. May, Jr., Boston, Mass., had been troubled for years with Kidney Complaint. By the use of Ayer's Sarsaparilla, he is now

the disease from assuming a fatal form, but was restored to perfect health. John McEllan, cor. Bridge and Third st., Lowell, Mass., writes: "For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by using

O., York Co., Ont., writes: "I have used Ayer's Pills for the last thirty years, and can safely say that I have never found their equal as a cathartic medicine. I am never without them in my house." C. D. Moore, Elgin, Ill., writes: "Indigestion, Headache, and Loss of Appetite, had so weakened and debilitated my system, that I was obliged to give up work. After being under the doctor's care for two weeks, without getting any relief, I began taking Ayer's Pills. My appetite and strength returned, and I was soon enabled to resume my work, in perfect health."

## \$1,000,000 FIRE IN CHICAGO

TWO LARGE PUBLISHING HOUSES COMPLETELY GUTTED.

Two lithographic firms also burned out—The Building owned by John Quincy Adams—Loss of Life and Limb. Run over and Mangled—Casualties. CHICAGO, May 27.—The most disastrous fire which has visited Chicago for a long time broke out this morning shortly after 4:30 o'clock. It was in the block at the north-western corner of Walsh avenue and Congress street, and raged with such violence that it over one million dollars.

It was 6:10 o'clock when the first alarm was turned in. At that time flames burst out of the building with such force that it was apparent the conflagration would be a serious one. Three minutes later a combined second and third alarms were sent in, followed immediately by a fourth. By 6:30 o'clock the fire had brought out five engines each. In a very short time after the blaze was first discovered the building was in fire from top to bottom. It was filled with material of the most inflammable description. The occupants were belated Clark & Co., publishers of Van Antwerp & Co., in the same building; Donohue & Remondy; Lockharts; and Central Lithographing company. The building was owned by John Quincy Adams.

Mr. Belford, of Belford, Clark & Co., places his loss at \$2,000,000, many valuable plates being destroyed. The loss on the building and contents is not mentioned, but aggregate over \$1,000,000. Next door, 311 and 313, is a five-story building owned by J. A. O. Smith, publisher of the Furniture firm of J. Deibel & Co. This firm was burned out a short time ago and was just moving back, and had only a small stock on hand. The loss will not exceed \$50,000. At the time of the previous fire Mr. Shaugher had a controversy with the insurance company over the loss. The company finally decided to pay for the building and had not yet turned it over to Shaugher. The loss, \$50,000, falls on the company.

The most exciting part of the fire was the panic which occurred among the guests of the Hotel Brunswick directly opposite the burned block. The heat was so intense that every pane of glass in the Walsh avenue front of the hotel was broken and the guests and window frames scattered. The guests became alarmed and fled from the hotel. The loss by heat and water to the hotel will aggregate \$5,000, fully insured.

The Star-entirely company, and J. J. Watt, statutory dealer, under the hotel, suffered small losses. The fire was disastrous, not only to property but also to life and limb. Capt. Joe Kenyon, of truck 1, was seriously injured. In jumping from the truck on arriving at the fire, he fell and the wheels of the truck ran over him. Both of his legs were broken, and one of them was so mangled that it will have to be amputated. William Langdon, of truck 1, was badly cut in the hands and right arm by falling glass. John Brown and Fireman O'Neill, both of truck 1, were cut out by falling glass. The truck, which was a new one, was caught under the falling Congress street wall and was completely destroyed.

## A REPORTER'S STRAIGHTS.

How Far the Sensational Mind can Wander—The Very Latest.

BUFFALO, N. Y., May 27.—A reporter saw a letter from Buffalo, N. Y., to Paris, which called on Miss Folsom, and who came away with the belief that the mother and not the daughter would be the bride. Miss Folsom had an evasive answer when asked if the dress she was having made were for her troupe. The letter says a reporter of a New York paper called on her brother at the hotel and that Benjamin Folsom was fully a match for the intruder.

The deceased was nearly seventy years of age and highly esteemed. She was missed from her room and husband's search was made throughout the premises and in and about the neighborhood, with dire forebodings in consequence of the periodic attacks of melancholy attacks to which she was subject. The pond in which Mrs. Van Pelt was found was but two or three feet deep.

## LILLIE BODE.

Her Midnight Trip and Arrival at St. Bernard.

CINCINNATI, May 27.—It has been learned that Lillie Bode, the daughter of Mrs. Ford, killed by her father Monday night at St. Bernard, had been quarantined with Mrs. Bernhardt, a German lady, on the third floor of No. 7 McKean avenue, by Kyllian, who represented her as his cousin, Annie Gruber, from Lawrenceburg, Ind. On her reading of the murder story in the papers, Mrs. Bernhardt claims to have left home because of her father's ill-treatment, and says her father once shot her, and that he had the revolver a long time. She left her home at 3 p. m. yesterday, but did not arrive at St. Bernard until this morning. She alighted from a W. & O. train at the S. & C. Junction at midnight and remained at the station until 5 a. m., when she was accompanied home by a railroad employee, a friend of the family. She will testify before the coroner to-day.

Lillie was joyfully received by her family on her return to her home. She said she had been stopping at a respectable house on McKean avenue, where Kyllian took her Monday, with the understanding that he was to get an attorney to divorce her from him and marry her. She denies any criminal intercourse with Kyllian, but admits that she was in love with him, and that she was the corpse of her dead lover, lying at the drug store. After giving a wild look at the form of her late lover, she fell frantically upon the body, weeping and moaning bitterly. Her despair was fearful to behold, and the friends standing around removed her as quickly as possible to her home.

Distinguished Citizens of the United States in Splendidly Equipped Four-in-Hands. Fred Archer Again Rides the Winner, the Duke of Westminster's Omnidrome. LONDON, May 27.—The weather to-day is showery, with a stiff wind prevailing. At intervals the sun bursts through the cloud blanket, but, for the most part, the day is far from pleasant. The weather, however, did not in any way detract from the interest in the great event, which all London annually turn out to witness, the Derby.

From early morning vast crowds could be seen in all sorts of conveyances going towards Epsom Downs, while every train was packed to overflowing. Several coaching parties, composed wholly of Americans, made an early start for the race course. ## CAPT. SAUNDERS.

His Tour at Savannah Has Caused Hopes of Trouble.

NEW YORK, May 27.—Capt. S. M. Saunders has gone himself into a heap of trouble since he drank to the health of Jefferson Davis at the banquet given by the Chatham artillery at Savannah. Now he has a duel on his hands from Wm. E. Bird, of No. 4, Madison Lane, who served in the war and rose to the rank of major, in the Fifth cavalry, and who last night sent him the following: "Capt. S. M. Saunders, 19 South William Street, City."

## "DEAR SIR—"

Believing you are a brave man I would like to meet you at ten paces to decide your love for Jefferson Davis. (With cheery rifle to decide) and would name Pat Green, Eighth street and University Place, my best friend. Yours truly,

He is the son of Dr. Bird, who was killed at Gettysburg. The Broker of Bogota, and "Jebennadony." He is full of fight, and hopes that Capt. Saunders will respond.

## AN AWFUL WRECK.

CHOLERA prevails at Venice and Brindisi. Fourteen new cases were recently reported at the latter place.

The latest in regard to the President's approaching marriage, that Miss Fonthill, the bride-to-be, says there is no truth in the rumor, and she is greatly mortified at the report.

The rights of way for the extension of the Kentucky Central to the proposed new bridge at Covington has already cost the company \$149,300. Transfers costing that sum have been made.

The Kentucky Union Railroad Company claim that the \$400,000 subscription made by Bourbon County is valid and the matter will be contested in the Circuit Court at that place next month.

The Democratic convention to nominate a candidate for Superior Judge will be held at Lebanon on the 17th of next month. The only candidates now in the field are Hon. Joseph Barbour, of New Castle, and Hon. Mike Sauley, of Stanford.

Since there has been so much said and written about free turnpikes, would it not be well to make some effort to secure free schools? It may not be generally known that there is scarcely a free school in Mason County, except in the city of Maysville. Yet, it is a fact.

The New York Sun still thinks Carlisle and Hill would make a rousing ticket for the next national contest. There are about one hundred thousand, more or less, of the "unterrified" here in Kentucky who will heartily endorse the views of our illustrious contemporary.

Three anarchists, indicted and now in custody at Chicago, should be given an early trial, and, if convicted, swift execution of the sentence should follow. Such a course would have a good effect in keeping outlaws and murderers of a like ilk from our shores.

The tax-payers of Mason County needn't hesitate to vote the subscription of \$50,000 to the Mayville and Big Sandy railroad. There is hardly a county in the State in better financial condition. And then the benefits to be derived from the road over-balance the amount asked for.

In speaking of our efficient Circuit Clerk, the Bourbonian says: "May the Lord continue to shower his blessings on Colonel Parry, and make the Democrats re-elect him Circuit Clerk in August."

Our esteemed contemporary can rest easy. The Democrats have all along intended to re-elect Mr. Parry, and they will not require any "making" to do their duty. It's good as settled that Colonel Parry will fill the office of Circuit Clerk six years longer, at least.

The Kentucky Democrat says: "That non-partisan paper, the Greenup Gazette, has put on its war paint and is going for the Hon. Sam. Savage and all. What is the matter, Bro. Hardin?"

There is nothing in the matter with us, Bro. Marcum. We feel unusually well, and we are pleased to know that our notice in a recent issue of the Gazette of Mr. Savage was kindly received by the Democracy of Greenup County. In fact, a number of the most prominent members of the party in this county have recently informed us that Mr. S. had not a qualification to recommend him for Congressional honors. Other members of the party have told us that he was qualified for the position. When we asked them to name his qualifications, they answered, with a grin: "Well, he's a 'buster'." The fact is, the Democracy of this county do not believe Mr. Savage is very good Congressional material. We have heard a number of good Democrats say they would not vote for him if he was the nominee of the party. He would make the weakest ticket the Democrats have put out in this Congressional District for the last six years. We are surprised to see the Democracy of the mountain section put forward such Congressional material when there are so many good and competent men that might be put to the front with honor to themselves and their party, among whom we may mention W. C. Ireland, John Hager, L. T. Moore and E. F. Prichard, of Boyd County; E. B. Wilkoff, of Grayson; B. F. Warnock, E. F. Dulin and T. H. Paynter, of Greenup; Greenup Gazette.

Unlucky Days.  
(Exchange.)

Prospective brides may be interested to learn that there are thirty-two days in the year on which it is unlucky to marry, according to the authority of a manuscript dated in the fifteenth century. These days are January first, second, fourth, fifth, seventh, ninth, fifteenth, February sixth, seventh, thirteenth, March first, sixth, eighth, April sixth, eighth, May first, seventh, ninth, June seventh, fifteenth, July fifth, nineteenth, August fifteenth, nineteenth, September third, seventh, October sixth, November fifteenth, and December fifteenth, sixteenth, seventeenth. Consequently January is the worst month and October the best month in the year for marriage.

## THE UNIONS' ULTIMATUM.

THE KNIGHTS MUST ACCEPT OR A SPLIT WILL ENSUE.

The Paper is Very Dictatorial and Against the Principles of Arbitration—The Female Delegate—Montreal Troubles.

Archbishop Gibbons—The Pope. CLAYTON, O., May 27.—The trades union committee completed its labor by laying before the executive board of the Knights of Labor a written statement of the position of the union which is now being considered. It is said to be the ultimatum of the union and must be accepted without amendment or a split will ensue. A delegate in speaking of this matter said: "The policy of the trades union is dictatorial, while the Knights of Labor espouse the principles of arbitration, by which method much more can be accomplished than by dictation. The working people are beginning to realize this, and are rapidly deserting the unions for the Knights. We do not propose that these unions shall come into one great disorganized mob, but as separate assemblies, each union retaining its organization as to membership and general outlook, only requiring that when such assemblies propose strikes their grievances should be laid before the executive board of the Knights for approval before that final expedient is resorted to."

There is female delegate here in the person of Mrs. L. B. Schute, of Massachusetts. The Knights say that the action of Bishop Fabre, the Roman Catholic prelate, of Montreal, in denouncing the Knights of Labor, was wholly because of some local infraction, and does not reflect on the principle and motive of the order. Cardinal Gibbons of Baltimore, they say, after a close study of the constitution of the Knights, decided that so long as the order pursued a peaceful, non-sectarian and law-abiding course, there is nothing in it for the Catholic church to condemn.

It is also asserted that Mr. Powderly has forwarded a declaration of the principles of the order to the pope, and that some utterances of the pope in the premises may shortly be expected.

The convention was called to order by Master Workman Powderly, and is still in session. Commencing this afternoon session will be held from 2 p. m. to 6 p. m., and from 8 a. m. until 12 m., until the convention adjourns.

Brakemen's Grand Lodge.

GALVESTON, Ill., May 27.—The grand lodge of the Brotherhood of railway brakemen is in session here, and has expelled twenty-six of its number for originating the Knights of Labor, and has suspended thirty more for ninety days for participating in it. The grand lodge is considering the case of those members who took part in the Missouri Pacific strike and intend to expel those who destroyed or injured property. The grand master says the brotherhood does not intend to split.

Another One-Man Affair.

ROCKFORD, Ill., May 27.—All the men of the Forest City furniture factory struck yesterday. They number seventy-five. Cause of the strike is the discharge of a fellow workman. The company refused to take the man back and the factory shut down. Hon John Burleigh, a member of the state board of the Knights of Labor, advised the men to go back to work, saying it was not an affair of the knights. The strikers have not yet yielded what course to take.

YALE STUDENTS HILARIOUS.

Ones of the Academic Year—Cheering the Professors—Classes Fraternizing.

NEW HAVEN, Conn., May 27.—Last night was a great time for Yale college. About 500 of the students, representing all the classes, marched around the campus singing college songs. They then formed in line and marched to the residence of President Porter on Hillhouse avenue, where they gave loud cheers for the president. President Porter was out of town, and the disappointed students then marched to the residence of Professor Dwight, the newly elected president, and gave him a regular thunderbolt of cheers.

Professor Dwight came to the door and in a humorous way said he was happy to be the recipient of such an ovation; that he had never before met the students of Yale college in a body, but hoped that in the future he would know them individually and that they would have many royal old Yale times together. He then retired and the students cut up parting remarks that could be heard throughout the city limits.

They then marched to the campus fence and sang the repertoire of college songs. From there they marched to Chapel street, bearing each class in turn, after which each class dispersed. It was the largest body of students ever gathered for such a purpose.

OUTCOME OF A MYSTERY.

A Hotel Keeper Sued for Injuries Received in His House.

MINEAPOLIS, Minn., May 27.—Dennis R. Bloomer, of New York, has filed papers in a suit in the United States district court against John E. West, the millionaire hotel man, for \$100 damages. This is the outcome of a mystery which has never been solved, and which caused a great deal of excitement at the time. On the morning of August 27 Bloomer was found in his room at the Nicollet hotel beaten and unconscious. The room had the appearance of a slaughter house, and there was a coupling pin, with which, it was supposed, the deed was done. Bloomer was a toy agent, and had been in the room. He never gave an account of the affair, if he ever knew, but has instituted an action against Col. West, who was the proprietor of the hotel.

MILWAUKEE, Wis., May 27.—A dispatch has been received from Halesland, in the northern part of this state, that a house of ill-repute, about a mile from that village, was burned out last night. Four inmates, a fifth occupant escaped alive, but so badly burned that his life is in jeopardy. The dead are A. G. Smith, owner of the place; Maggie Carroll, Daniel Doyle, and a woman, reported to be Doyle's wife. William Clark is fatally burned. It is thought the fire was kindled by a man who came from the burning building were arrested on suspicion, but were discharged for lack of proof.

Dillon, a young carpenter, walked into Forth's laundry office and told the young lady bookkeeper that she had married him seven years ago and with violent demonstrations ordered that she should leave her employment and go to keeping house. In a short time afterward he again entered the building and repeated the demand. The police then arrested Dillon, who has been in some for some time. The young lady never saw him before. Dillon will go to the Middletown state lunatic asylum.

Mr. Arthur's Condition.

NEW YORK, May 27.—If the sky had not been suddenly overcast by clouds in the early afternoon yesterday, President Arthur would have taken another drive in Central park. Susceptibility to damp being one of the characteristics of Gen. Arthur's illness it was judged prudent under the circumstances to postpone the drive. Since Gen. Arthur went out in a carriage on Saturday with Dr. George C. Davis, it was ascertained that he had improved, and he has been able within the last few days to see several friends, with whom he has had pleasant chats. Among them was Gen. John A. Logan.

\$15,000 Collapses.

MILWAUKEE, May 27.—The fourth floor of the block occupied by the Brunswick-Balke Billard Table company gave way, carrying with it the floors below. Property in the way of unfinished billiard tables in course of construction, machinery, etc., will probably aggregate a loss of \$15,000. Loss on building \$5,000.

Side-Track in Mine.

BATTLEBORO, Vt., May 25.—Ten or twelve freight cars were wrecked near South Vernon station, last night, by being side-tracked, through mistake, into another train.

Had a Bad Habit of Waiting.

There is a woman in Chicago who, when she visits the theatre, always comes before the audience is seated. She used to have a bad habit of waiting until everybody else was seated for the evening, and then coming in and raising a commotion in getting to her seat. One evening she came in as usual, and after standing the side aisle enough to show an elegant new cloak, distracted a whole row of people who had to move to let her pass to her seat. When she was comfortably seated, and everything was quiet, a little woman in the next row back said to her companion, in a sharp whisper that could be heard throughout that portion of the house: "Do nothing! I expect they made her stay and to see the supper dishes."—San Francisco Argonaut.
